Membership Cards

As you know our Club is governed under the 2003 Licencing Act as a Private Members' Club.

Over the last few months it has become apparent that contrary to our licence non members are using our Club by posing as members and on some occasions being signed in as a guest and remaining in the Club or garden after the member has left.

To help the bar staff ensure that our Club continues to operate in accordance with our licence may we remind all members that when visiting the Club they should have their membership card with them so that they can show their card to validate their membership when asked.

Please only sign in genuine guests and remember that the guest can only stay in the Club or garden while the signing member is present.
